Congratulations and Thank-you for purchasing Metrix Audio Speakers by Hogtunes! Since positive word of mouth is the best way to grow our business, we want your new speakers to work as well as they were designed to. If you have any questions or concerns, we are here to help. Please email us at info@hogtunes.com, or call us during regular business hours (EST) at (705)-719-6361. If you still need help, then please consider a professional installation by your retail dealer.

Diagram 1.1

Step#1: Remove the 2 screws highlighted by the arrows as shown in Diagram 1.1 above. Carefully remove the grill from the bike.

Step#2: Undo the screws that hold the speaker to the bike and pull the speaker away from the bike. Remove each factory speaker wire by gently pulling one at a time.

Step#3: Plug each factory speaker wire onto your new speaker noting that the connectors are the correct size and will only go on one way. Re-install the factory screws to secure the new speaker to the bike.

Step#4: Re-install the grill using the screws removed in Step #1

Step#5: Repeat Steps #1 through 4 for the opposite side of the bike.

Practice Safe Sound!

Your New Speakers Can Play Louder Than OE, and May Be A Distraction To The Rider Or Passenger. Please Use Caution When Playing Your Stereo ESPECIALLY IN TRAFFIC!
